We offer a range of courses for **adults with learning difficulties and disabilities**. If you have a learning difficulty or disability we will provide the support you need to ensure that you progress towards your own learning and skills goals.

Our programme offers you a tailored path to help you develop your skills to work towards your individual hopes and dreams. We work together to create your Aspiration Tree and build your Vocational Profile that will form the basis of your learning with us towards becoming more independent with life and work skills.
