Do you want to support your child's learning?

Did you miss out on qualifications at school?

A Family Learning course or programme can give you the chance to enjoy learning together as a family, better understand how your children are learning at school and how you can help them at home.

Our courses will help you to develop your own knowledge and skills to help you find work or progress in your career.

How much will it cost me?

These courses are fully funded, meaning there is no cost to pay for adults who are aged 19+, have lived in the EEA for at least 3 years and who are unemployed or low waged (earning less than £16,009.50 annual wage) and in receipt of active benefits.

For learners who don't meet the funding criteria you will pay £50 per course
